Handle task lists, create project plans, analyze data with charts and filters, and more. With Google Sheets, you can create and edit spreadsheets directly in your web browser—no special software is required.

Google Sheets: Get Started | Learning Center | G Suite

A spreadsheet is an interactive computer application for organization, analysis and storage of data in tabular form. Spreadsheets developed as computerized analogs of paper accounting worksheets. The program operates on data entered in cells of a table. Each cell may contain either numeric or text data, or the results of formulas that automatically calculate and display a value based on the ...
