the crisis prone society a brief guide to managing the

When considered as a "crisis", the 2008 financial crisis constituted a threat to many people and organizations due to the damage and losses it had caused. However, while the depression and uncertainty environment created by the crises constitute a threat to the organizations, it also brings along many opportunities.

THE EFFECTS OF THE FINANCIAL CRISIS ON CORPORATE SOCIAL

Crisis Prone Organisations and Systems Since pioneering work by Pauchant and Mitroff (1992), it has been assumed that the potential for a crisis in an organisation can be established in advance, so that steps can then be taken to reduce or eliminate this risk.
