The agricultural value chain concept has been used since the beginning of the millennium, primarily by those working in agricultural development in developing countries. Although there is no universally accepted definition of the term, it normally refers to the whole range of goods and services necessary for an agricultural product to move from the farm to the final customer or consumer.

Download "Summary + PDF: Basic Economics, by Thomas Sowell" as PDF. Have you ever wondered how the economy works â€” how millions of individuals can buy and sell goods and services without a master coordinator?

### **Summary + PDF: Basic Economics, by Thomas Sowell | Allen Cheng**

Economics (/   k  ™   n   m   k s, i  k  ™-/) is the social science that studies the production, distribution, and consumption of goods and services.. Economics focuses on the behaviour and interactions of economic agents and how economies work. Microeconomics analyzes basic elements in the economy, including individual agents and markets, their interactions, and the outcomes of interactions.
