Hi all I have had a lot of messages regarding specimen papers that you cannot find and requests to upload them. I have added the AS chem specimen paper Version 2 to the site because I wrote a model answer for my own class and felt that if teachers wanted to use it as a mock they should have done so by now.

Specimen Exam papers - Please Read - Science Skool Blog

Motility is the ability of an organism to move independently, using metabolic energy. This is in contrast to mobility, which describes the ability of an object to be moved. Motility is genetically determined, but may be affected by environmental factors. For instance, muscles give animals motility but the consumption of hydrogen cyanide (the environmental factor in this case) would adversely ...

Motility - Wikipedia

Aerobic respiration, as opposed to anaerobic respiration, occurs in the presence of oxygen, accounts for most respiration that takes place, and produced up to 15 times more ATP molecules.

The General Certificate of Education (GCE) Advanced Level, or A Level, is a main school leaving qualification in England, Wales, Northern Ireland, the Channel Islands and the Isle of Man.It is available as an alternative qualification in other countries. It used to be the case that students would study over a two-year period, and that they would sit examinations at the end of each year (AS and ...
